By Nicola Scrivener

In the shadows of New York City, where vampires and humans coexist in a fragile truce, a series of murders threatens to shatter the delicate balance. Enter Elena Deveraux, a vampire hunter with a reputation for taking on the most dangerous jobs, and Raphael, an archangel with a dark past and a thirst for justice.

When Elena is hired to investigate the murders, she quickly realizes that she's in over her head. The victims are all vampires, and the killer seems to be targeting them specifically. As Elena delves deeper into the case, she uncovers a conspiracy that reaches the highest levels of vampire society.

Meanwhile, Raphael is also investigating the murders. He has his own reasons for wanting to see the killer brought to justice, and he's not afraid to use his vast powers to get what he wants. As Elena and Raphael's

investigations converge, they find themselves drawn to each other despite their vastly different worlds.

Together, they must race against time to stop the killer and prevent a war between vampires and humans. But as they get closer to the truth, they realize that the stakes are even higher than they could have ever imagined.
